

NITE KONG  
COCKTAIL LIST

MMXXIV—MMXXV

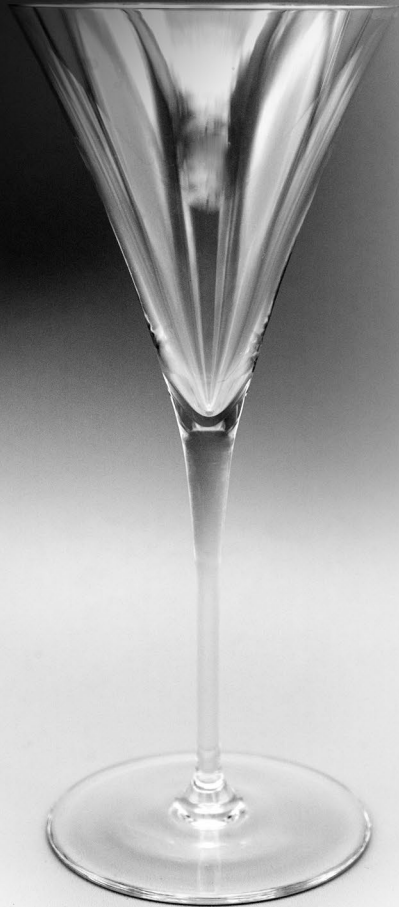

**CAMPARI**

ECLIPSE

An Eclipse is the passing into the shadow of a celestial body,  
something that happens often in mist of the Nite,  
in the casual encounters of a cocktail bar,  
like existential geometries that reminds us  
of the celestial mechanics.

In this menu we celebrate the light and the darkness,  
the black and the white, the two parts of the same object,  
the different point of view of a same theme,  
as the day can become Nite, as the chaos has it's own order.

In the depths of one's soul,  
mystery is born and mystery itself is the fabric of dreams,  
capable to move hearts between the dimensions  
of life and time, until we hope you be  
Eclipsed by the Nite.
